

For Immediate Release:

**Need a lift from your home to the airport? SuperShuttle is bringing back its
“Winter Garage Sale”**

10 percent off any round trip starting January 9 through March 15, plus double airline miles

PHOENIX (January 9, 2012) SuperShuttle, the nation’s largest shared ride service to and from 36 airports, is giving winter travelers a break by offering 10 percent discounts on all round trips booked between January 9 through March 15, 2012. The “Winter Garage Sale” is only for residential customers and requires a round-trip booking.

This special offer makes [SuperShuttle](#) the least expensive option for traveling this winter and travel on SuperShuttle also allows customers to earn double airline miles on participating carriers including; Delta Airlines SkyMiles®, Frontier Airlines EarlyReturns®, United Airlines Mileage Plus®, or US Airways Dividend Miles® programs.

“Even though the weather around the country has been pretty good this winter, it’s still a good idea to share a ride, who knows, it could always turn bad while you’re away and it’s nice to keep your car in the garage just incase,” said Ken Testani, senior vice president of global marketing for SuperShuttle. “Not only is this a good incentive to share a ride, but we want customers to know that sharing a ride on SuperShuttle to and from the airport saves on gas, means fewer cars on the road and ultimately fewer greenhouse gas emissions.”
